

Parent/Guardian Letter and Permission Form  
Secondary Students' Career Exploration Day  
at *AME Mineral Exploration Roundup, Vancouver, BC - January 20, 2025*

Dear Parent or Guardian,

**MineralsEd** and the **Association for Mineral Exploration (AME)** are working together to bring students to *Mineral Exploration Roundup 2025*, AME's annual conference in Vancouver (Jan. 19-23, 2025). *Roundup* is a premier gathering of exploration geologists, prospectors, and many other related mining, consulting and investment people who play a role in finding and developing mineral resources. This conference provides a forum for learning about new exploration techniques, to showcase new discoveries, and to find financial backing for new prospects.

This is the 22<sup>nd</sup> year that MineralsEd and AME have involved students directly in the conference. Teachers are invited to nominate their students who have expressed interest in geoscience or engineering careers, or who would like to explore how their field of interest is relevant to the minerals industry, to attend this conference on **Monday, January 20, 2025**. Your child is one of a select group nominated by their teacher and invited to attend!

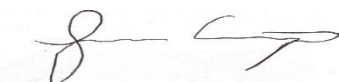

Secondary students will attend the conference on **Monday, January 20** from 9:00 am - 3:00 pm (times may change slightly) and will be accompanied for the day by a volunteer post-secondary student or industry guide who will share information on their backgrounds, mining-related programs, and work experiences. Student guests will also hear presentations by early career professionals who work in a variety of fields in the industry. They will have a chance to explore the trade show exhibits to find out more about the breadth of careers in the minerals industry.

Attendance is **free**. Students will be responsible for their own transportation to and from the Vancouver Convention Centre East. Lunch is provided.

This will be a fun and exciting learning opportunity for the students, opening their eyes to the diversity of careers involved in this sector. Please acknowledge your consent for your child's participation in this conference by signing the form on Page 2 and returning it to your child's teacher.

We are looking forward to this event and appreciate your support in this joint venture!

Sincerely,

Jason Courneyea
